

PLANET GREEN RECYCLE

Free Mail-in Ink Recycling Service

DID YOU KNOW?

- About 62% of American households use an inkjet printer.
- Over 375 million used cartridges are thrown in the trash every year!
- It takes over 1000 years for each inkjet cartridge to decompose.

Promote

- Share with the public through email, website, social media, press, etc, how they can recycle their used ink cartridge from their home or office for free by mail.

HERE'S HOW IT WORKS:

1. Residents looking to recycle request a **FREE USPS shipping label** at www.doorstepinkrecycle.com
2. They place ink cartridges in any box and mail.
3. Once cartridges arrive at our facility, we can **provide** you a total, monthly detailed report.
4. It's that easy and great for the environment!

About Planet Green Cartridges, Inc:

Established in 2000, Planet Green has been leading the way in American made high-quality remanufactured ink cartridges. We collect all our used ink cartridges from different recycling programs nationwide. Once the used ink cartridges are received at our facility, they are inspected, cleaned, filled, tested, packaged, and sold nationwide. Our certified, state-of-the-art, 35,000 square foot facility exemplifies stream-lined production, the most advanced inkjet equipment, and remanufacturing excellence.

Over 1200 organizations nationwide participate in the
